ALX AICE: Milestone #5 Worksheet

Simulation Recap
This week, your task was to set up a meeting with the Executive Committee of Waga, who are based in different countries. To overcome the time zone differences, you created a Loom video presentation of the new VacAI application. Before making the video, you had a dry-run presentation with colleagues at Waga. This Milestone worksheet helps you collate all the activities you carried out in one place. Please follow the steps and instructions to complete the milestone successfully.   **Tip: Check out the rubric before submitting your Milestone Worksheet.**

Step 1: Storytelling Outline

Paste the link to your updated storytelling outline worksheet in the box below. Make sure anyone can view the link you are pasting.

Step 1: Storytelling Outline
📄 Copy of Presentation Outline Worksheet.docx

Step 2: VacAI Presentation

Please locate the PDF of your VacAI presentation. If you don't have it in your Google Drive folder yet, you can download it from Canva by following the steps below:

- *Click on '**share**'*
- *Click on '**Download**'*
- *Select '**PDF**'*
- *Click on '**Download**' again*

Make sure your VacAI presentation contains
- The images you created using RunwayML
- Your App prototype image
- Your Landing page image

Next, upload the PDF of your VacAI presentation to your personal Google Drive folder and click "Share" (under the three dots) and adjust the settings so that it looks like this:
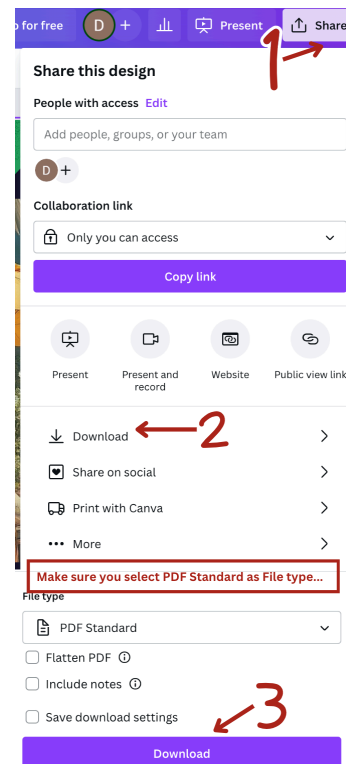

Then, copy the link and paste it in the box below;

Step 2: VacAI Presentation
📄 VaAI Presentation.pdf

Step 3: Peer Activity: Presenting The New VacAI App To Your Colleagues

1. Reach Out to a Peer: Message one of your peers in your **Squad on The Portal.** If you don't have a Squad, you can reach out to a peer from the main AiCE Learner Community on **The Portal.**

- Request to complete this activity with them.
- Agree on a date and time that works for both of you.
- Schedule the meeting using Zoom or Google Meet.
- Share the invite with your peer via email or The Portal DM.

Please list when and where your team meeting took place.

Step 3: Peer Name and Meeting Invite
A. Peer Name: Trojan Mwamlima   B. Zoom or Google Meet Invite: Google Meet

Step 3: Peer's Feedback
Please state your peer's feedback on your overall presentation.

Step 3: Peer's Feedback
During my presentation about the VacAI application, Trojan Mwamlima provided valuable feedback that highlighted the strengths and areas for improvement in our project. He commended the clarity and structure of the presentation, noting that it effectively conveyed the purpose and features of the VacAI application. Trojan also offered insightful suggestions for enhancing certain aspects of the application's design and functionality, particularly in streamlining the user interface and incorporating additional features to improve user experience. Additionally, he posed thought-provoking questions that prompted further discussion and exploration of potential enhancements. Overall, Trojan's feedback was instrumental in identifying areas for refinement and guiding our next steps in the development of the VacAI

application.

Step 4: Reflection

In 1–2 paragraphs, describe your experience with peer coaching, including what went well and areas for improvement.
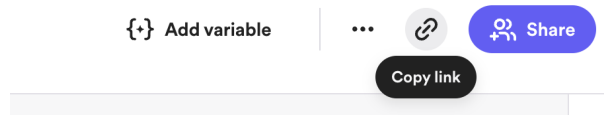

Step 4: Reflection
My experience with peer coaching has been enriching and insightful. One of the highlights was the opportunity to engage in open and constructive dialogue with my peer, exchanging perspectives and feedback on various aspects of our projects. This collaborative approach fostered a supportive environment where we could offer encouragement, share ideas, and provide constructive criticism to help each other grow. Additionally, receiving feedback from my peer provided valuable insights into areas where I could improve and helped me gain a deeper understanding of my strengths and weaknesses. However, one area for improvement could be setting clearer goals and expectations at the outset of the coaching relationship to ensure alignment and maximize the effectiveness of our interactions. Overall, peer coaching proved to be a valuable learning experience, and I look forward to continuing to leverage this approach for personal and professional development.

Step 6: Target Industry

Locate your [target industry worksheet](#)

Next, Click **"Share"** (under the 3 dots) and adjust the settings so that it looks like this.

Then, copy the link and paste it in the box below;

Step 6: Target Industry
🟢 Copy of AiCE Target Industry Workbook

Step 7: Target Industry Reflection

Write 2-3 sentences answering the reflection questions on your target industry

1. *How has this activity helped you to identify your target industry and role?*
2. *What specific actions can you take in the next three months to become an expert in your target industry?*
3. *Are there ways you can create new opportunities within your target industry?*
4. *Where do you see yourself in the next 5 years?*
5. *How can you stay motivated and focused on your career goals in the face of challenges and setbacks?*

Step 7: Target Industry Reflection

Engaging in this activity has provided me with valuable insights into identifying my target industry and role. Through researching and considering the intersection of my interests and skills, I've realized that pursuing a career in both computer science education and freelance software development aligns well with my passions and strengths. This exercise has allowed me to clarify my career aspirations and develop a strategic plan to achieve my goals.

In the next three months, I can take specific actions to advance in my target industry. This includes actively seeking out opportunities for hands-on experience in education-related roles, such as internships or part-time jobs. Additionally, I will focus on enhancing my technical skills through personal projects and online learning resources, while also networking with professionals in both the education and software development fields.

Creating new opportunities within my target industry involves staying open-minded and proactive. I can explore innovative ways to combine my expertise in computer science and education, such as developing educational software or conducting research on

effective teaching methods for computer science concepts. By continuously seeking out new challenges and collaborations, I can expand my professional network and create avenues for growth and advancement.

In the next 5 years, I envision myself as a recognized expert in computer science education, making significant contributions to the field through teaching, research, and software development. I aim to establish myself as a sought-after consultant and educator, empowering learners of all backgrounds to succeed in the digital age. Additionally, I aspire to build a thriving freelance software development business, delivering cutting-edge solutions to clients worldwide.

To stay motivated and focused on my career goals, I will remind myself of my passion for making a positive impact through education and technology. I will set clear, achievable milestones and celebrate each accomplishment along the way. In the face of challenges and setbacks, I will stay resilient by maintaining a growth mindset, seeking support from mentors and peers, and embracing failure as an opportunity for learning and improvement. With determination, perseverance, and a commitment to lifelong learning, I am confident that I can overcome any obstacles and achieve success in my chosen career path.
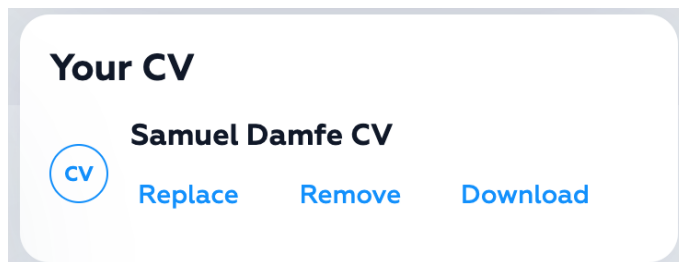

Step 8: Your Resume

Next, paste the link to your updated resume. That is the most updated version you created after analyzing your resume with Tealhq from [this activity.](#)
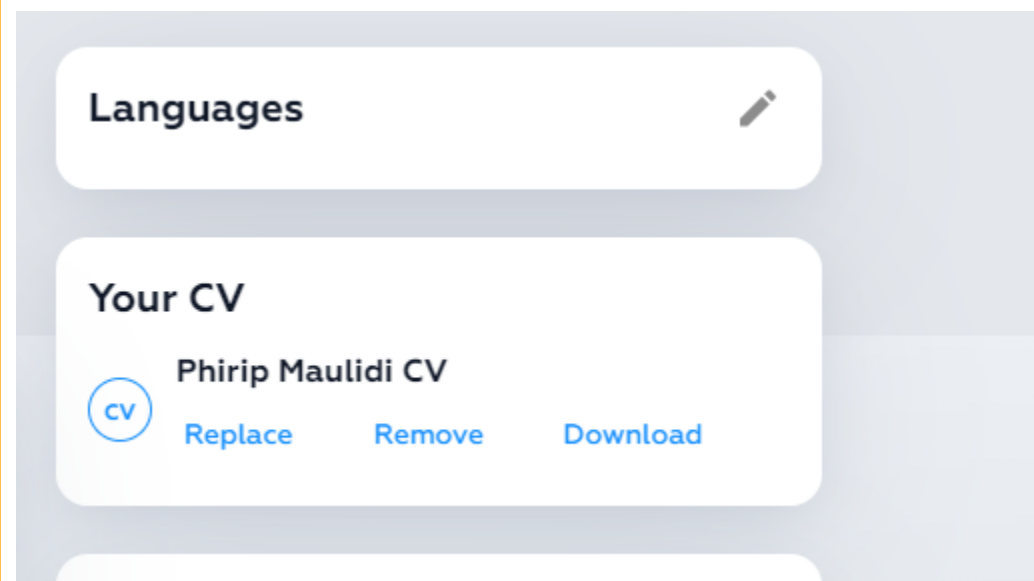

Step 8a: Your Resume
📄 my resume – 2024-04-13 09_33_26.pdf

Kindly upload a screenshot of your profile's CV section after uploading your resume onto the portal, and place it in the box below:

Your screenshot should look like this:

| Step 8b: Screenshot of Your Resume (CV) on The Portal |
|---|

Step 9: Your Updated Linkedin

Next, paste the link to your updated LinkedIn profile in the box below.

Step 9a: Your Updated Linkedin
https://www.linkedin.com/in/philip-maulidi-353044249

Kindly upload a screenshot of your Portal profile showing the link to your LinkedIn page. Your screenshot should look like this:

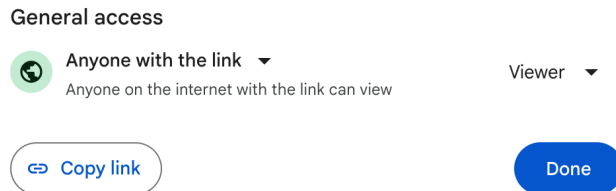

Step 9b: Screenshot of Your LinkedIn on The Portal

Step 10: AI Toolkit

To access your AI Toolkit, Go to your personal ALX AICE Google Drive, then locate your updated [AI Toolkit Spreadsheet.](#)

Click **"Share"** (under the 3 dots) and adjust the settings so that it looks like this:

Step 10: Your AI Toolkit
📗 Copy of AICE AI ToolKit

If you need more help with this, Google for video instructions on sharing files in Google Drive, or ask a peer.

Step 11: Reflection on the use of AI

Take a moment to reflect on how you used AI this week, you are to write a short paragraph answering the following reflection questions:

Reflection on the use of AI
1. How can AI be leveraged to enhance your skills and knowledge in your target industry? *2. In what ways can AI be utilized to streamline workflows and increase efficiency in your work?* *3. How can you stay up-to-date with the latest advancements in AI and incorporate them into your work?*

Reflecting on my use of AI this week, I've realized its potential to significantly enhance my skills and knowledge in my target industry. AI-powered tools and platforms offer valuable resources for learning and development, providing access to vast amounts of data, insights, and educational materials tailored to specific areas of interest. By leveraging AI-driven learning platforms and resources, I can deepen my understanding of key concepts, stay updated on industry trends, and acquire new skills relevant to my field.

Moreover, AI can be instrumental in streamlining workflows and increasing efficiency in my work. From automating repetitive tasks to optimizing decision-making processes, AI-driven solutions offer opportunities to streamline operations, reduce manual effort, and improve productivity. By incorporating AI-powered tools and technologies into my workflow, I can free up time to focus on high-value tasks, drive innovation, and deliver greater value to my organization and clients.

To stay up-to-date with the latest advancements in AI and incorporate them into my work, I can actively engage with AI communities, attend industry conferences and workshops, and participate in online courses and webinars focused on AI and related technologies. Additionally, subscribing to AI newsletters, following thought leaders and experts in the field, and regularly exploring AI research papers and publications can provide valuable insights and inspiration for integrating AI innovations into my work practices. By remaining curious, adaptable, and proactive in my approach to learning and professional development, I can effectively harness the power of AI to drive success in my career and industry.
